**ASSOCIATION, INC.**

*This is a revised version of the Regulations (August 17, 2022) previously recorded in Record Book 1377 at Page 166-179 on August 09, 2022.*

## INTRODUCTION

This document, the Regulations for Palmetto Pointe defines and extends some of the rights and authority granted to the Developer and to the Association (when empowered by a partial or total transfer of control of authority from the Developer) by the Declaration of Covenants, Conditions, Restrictions, Easements, Charges and Liens for Palmetto Pointe (Declaration). Further, this document creates additional Regulations for the entire Community, for the use of lots and Common Areas (if any are dedicated) within the Community and for the actions and behavior of all property owners, their family members, guests, invitees, licensees and permittees, while residing in and visiting the Community or while using Common Areas and facilities (if any) within the Community. Additional Restrictions and Regulations are set out in the Declaration.

We encourage you to review this document, to familiarize yourself with the Regulations that are set out here and in the Declaration, as well as the requirements spelled out in the Architectural Guidelines and to embrace the standards established by these three documents as they are intended to help the Association and its homeowners maintain a secure and harmonious environment within the Community.

Capitalized terms used in this document shall have the same meaning as the definitions in the Declaration, as amended, and should there be any conflicts between these Regulations and the Declaration, the Declaration shall control.

## SCOPE OF AUTHORITY GRANTED

The scope of the authority granted to the Developer and later to the Association, is set out in the Declaration, which encumbers every Lot, road right-of-way and all Common Areas (if any), as well as in the Association's By-laws. In addition to creating certain specific Restrictions and Regulations, the Declaration authorizes the Developer (and later the Association) to create additional Regulations for the Lots, road right-of-ways and Common Areas. The Developer (and later the Association) is also authorized by the Declaration to amend those Regulations contained in this document and the Architectural Review Guidelines as well as any other Regulations that the Developer or the Association might create and add to these documents from time to time.

To assure compliance with the Declaration and this document, the Declaration and this document make available to the Developer and the Association, remedies to enforce the Declaration and any restrictions or Regulations set out in the Declaration or in this document. Additionally, the Declaration defines the Developer's and the Association's authority to waive or grant variances to specific Regulations.

## VARIANCES

The Developer or the Association, When Empowered, shall have the right to, as determined in its sole discretion, waive or grant temporary or permanent variances to any Regulation set out in this document that are not violations of the Declaration. All variances shall be in writing and shall be specific as to the time period for which it is in effect and the action that is to be allowed. **Nothing herein shall be deemed to allow the Board of Directors to grant variances to any law or ordinance or to the ruling or decision of any governmental body having jurisdiction.**

## DEVELOPER'S RIGHT TO OVERRIDE

Until one hundred (100%) percent of the Dwellings permitted by the Master Plan have certificates of occupancy issued thereon and have been conveyed to Owners other than builders holding title for purposes of development and sale, the Developer may, in its sole discretion: amend the Regulations of the Association; waive the violation of any Regulation issued by the Association; grant variances to the Regulations of the Association; veto any modification to the Regulations proposed or implemented by the Association; override any attempt by the Association to enforce or implement the Regulations; and require the Association to enforce and implement any provision of the Regulations.

## VIOLATIONS: NOTICE, APPEAL AND REMEDIES

### NOTICE OF A VIOLATION

Notice of violation of the Declaration and the By-Laws of the Association or of the Regulations of the Association shall be posted on a Lot or written notification from the Developer or the Association shall be sent to the Lot Owner at the address shown in the records of the Association. Notices shall site: the nature of the violation, the corrective actions required, the date of the notice and the deadline for compliance or the time in which the corrective action must be completed and an address for written response from the Lot Owner in violation, if any.

### APPEAL/RESPONSE TO NOTICE OF A VIOLATION

Except in the case of an emergency, which shall be denoted on any notice of a violation, or as otherwise provided in these Regulations, the By-laws, or the Declaration, Lot Owners shall have a period of seven (7) days from the date of notice indicated upon the notice of a violation (or such other period as stated in the notice) in which to contest the initial finding of the Developer or the Association with respect to a violation, any corrective actions that it may require, or the time frame allowed by the Developer or the Association for completion of the corrective action. Any request for appeal submitted by an Owner shall be in writing and shall be delivered to the location noted on the notice for response prior to 5:00 PM on the seventh (7th) day or the date stated in the notice of violation.

Upon the appeal of an initial decision of the Developer or the Association by a Lot Owner, the Developer or the Association, When Empowered, shall determine what action by the Lot Owner, if any, is appropriate and warranted and shall notify the lot Owner of its decision providing a timeframe for compliance, if any is required. The decision of the Developer or the Association, When Empowered, shall then be final and may no longer be appealed. Neither the Developer nor the Association, When Empowered, is mandated by an appeal to allow additional time for compliance by a Lot Owner, but may do so it its sole discretion.

If the Lot Owner does not submit a written request for appeal of a decision of the Developer or of the Association, When Empowered, within the seven (7) days (or such other

period set out in the notice) or does not correct the violation within the time specified in the notice, and if the Developer or the Association, When Empowered, determines that Assessments for Non-compliance and/or corrective action are warranted, the Developer or the Association, When Empowered, may take corrective action at the Lot Owner's expense and the Association may levy all appropriate Assessments.

## REMEDIES FOR NON-COMPLIANCE

In accordance with the Declaration, the Developer or the Association may levy an Assessment for Non-compliance against the Lot of any Lot Owner who fails to comply with a notice of violation from the Developer or the Association. Though some of the other remedies of the Developer and the Association, When Empowered, are more specifically defined in the Declaration and in the By-laws of the Association, upon notice to any Lot Owner, the Developer or the Association, When Empowered, shall have the right to require that any violation of the Declaration, By-laws, the Architectural Guidelines and these Regulations be corrected within a reasonable time frame provided in that notice and, unless otherwise provided in these documents, to take appropriate action to remedy the violation, including but not limited to any action at law. The cost of that correction, together with the cost of any action such as the cost of any supervision and/or management of these activities taken by the Developer or the Association to insure that this compliance is achieved; any Assessments for Non-Compliance levied by the Association and any collection cost or attorney fees, may then be added by the Association to the Association's continuing lien on that Lot and shall become the personal obligation of the Owner or Co-owner(s) of the Lot.

## GENERAL REGULATIONS

### PROPERTY MAINTENANCE AND USE

#### USE OF PROPERTY

Unless otherwise designated in a Supplemental Declaration filed by the Developer for additional phases of the Community, all Lots shall be used for single-family residential purposes only, and no commercial enterprise, business or business activity shall be carried on or upon any Lot at any time, except with the written approval of the Developer or the Association, When Empowered. The term "business" shall be construed to have their ordinary, generally accepted meanings, and shall include, without limitation, any occupation, work or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether: (i) such activity is engaged in full or part-time; (ii) such activity is intended to or does generate a profit; or (iii) a license is required thereof. **The Association shall at all times have the authority to determine in its sole discretion whether or not an activity falls within the parameters of a commercial enterprise, business or business activity and whether or not that activity requires approval by the Association in order to be conducted. It is therefore prudent for a Lot owner to consult the Association prior to commencing any activity that might conceivably be considered by the Association as a commercial enterprise, business or business activity and if approval is required, to**

**obtain that approval in writing.**

Nothing herein shall prevent the Developer or any builder of homes in the Community approved by Developer from using any Lot owned by Developer or such builder of homes for the purpose of carrying on business related to the development, improvement and sale of property in the Community, including the establishment of one or more model homes; or, to the extent allowed by applicable zoning laws, a private office to be maintained in a dwelling located on any of the Lots, subject to any and all conditions established by the approval granted by the Developer or the Association, When Empowered.

Notwithstanding the above, the leasing of a home on a Lot shall not be considered a trade or business within the meaning of this section. Whether or not it is specifically stated in a lease agreement, the Declaration makes all leases subject to the Declaration, By-Laws, the Regulations and the Architectural Guidelines. In addition, the Declaration requires all tenants and their guests to comply with these documents and makes the Lot Owner responsible for providing the tenant with notice of this fact and the requirements under these documents and for the actions of the tenant and of their guests.

No garage sale, moving sale, rummage sale or similar activity and no trade or business may be conducted in or from any Lot without the approval of the Association, except that an Owner or occupant residing in a Lot may conduct business activities within the Unit so long as: (a) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the Structures on the Lot; (b) the business activity conforms to all zoning requirements for the Properties and all other applicable laws and regulations; (c) the business activity does not involve persons coming onto the Lot or into the Properties who do not reside on that Lot or in the Properties or door-to-door solicitation of residents of the Properties in any way; and (d) the business activity is consistent with the residential character of the Properties and does not constitute any sort of a nuisance, or create a hazard or offensive use of any type or threaten the security or safety of other residents of the Properties, as may be determined in the sole discretion of the Developer or the Association, When Empowered. No signage, advertising or identifying a commercial enterprise, business, or a business activity (including garage sales) may be displayed on a Lot, from a Structure located on a Lot where it is in any way visible outside of that Structure, within any location abutting a private or public road right-of-way within the Properties or within a public road right-of-way abutting the Properties without the approval of the Developer or the Association, When Empowered.

## DWELLINGS LEASES

Notwithstanding the above, the leasing of a home on a Lot shall not be considered a trade or business within the meaning of this section. Whether or not it is specifically stated in a lease agreement, the Declaration makes all leases subject to the Declaration, By-Laws, the Regulations and the Architectural Guidelines. In addition, the Declaration requires all tenants and their guests to comply with these documents and makes the Lot Owner responsible for providing the tenant with notice of this fact and the requirements under these documents and for the actions of the tenant and of their guests.

Dwellings may not be leased in total or in part for periods of less than six (6) months, unless the circumstances and the terms of the lease are specifically approved in writing by the

Board of Directors of the Association. This limitation specifically applies to daily, weekly or monthly leases, including short term stay rental agreements obtained by the Lot Owner or an individual, entity or agency that locates tenants and leasable properties for such purposes. Prohibited use shall include, but not limited to, any use of a Unit, or rooms(s) in a Unit as a bed and breakfast, regardless of whether the owner/operator resides in the Unit, and/or any use of transient, hotel, motel, lodging, vacation rental, nightly rental, tourist home, tourist house or similar usage.

### LOT OWNER'S RESPONSIBILITY

The Declaration requires that each owner comply with the Regulations. It is the responsibility of each lot/home owner to obtain a copy of these documents, to familiarize themselves with these documents and to require that their family members, guests, invitees, licensees and permittees do so as well. Failure on the part of an owner to acquire or to be provided with a copy of the Declaration, the Architectural Review Guidelines or the Regulations or to review these documents upon receipt does not in any way minimize the rights of the Developer or the Association, When Empowered, to enforce the terms of these documents or relieve an owner of the obligation of that owner, its family, its guests, its invitees, its licensees or permittees of their obligation to comply with these documents or the regulations set out in them.

### MAINTENANCE ROAD RIGHT-OF-WAY

As further defined in the Declaration, unless designated as a Common Area or unless the responsibility for maintenance of this area is assumed by the Association as part of the Area of Common Responsibility, each homeowner shall be responsible for the installation (if landscaping acceptable to the Association does not already exist) and continued maintenance of landscaping in any portion of the road right-of-way that exists between the back of the curb (or the actual pavement, where no curbing exists) and their property line. As with all Structures located upon a Lot, including landscaping, the installation of all Structures located within these areas shall be subject to the approval of the Association and the quality of maintenance within these areas shall be subject to the standards established by the Association. All remedies available to the Association for the failure of a Lot Owner to obtain approval for the installation of a Structure or for failure of a Lot Owner to properly maintain a Structure in these areas in accordance with the standards established by the Association, including landscaping, shall be the same as those remedies available to the Association for Lot Owners who fail to properly obtain approval, install and maintain Structures on their Lots.

### WINDOW TREATMENTS:

Window treatments and blinds that are viewable from the exterior of a home are to be white or off white in color (or as otherwise set out in the Architectural Guidelines) and must be kept in good repair at all times.

### UNSIGHTLY OR UNKEMPT CONDITIONS:

It shall be the responsibility of each Owner to prevent the development of any unclean, unhealthy, unsightly, or unkempt conditions on their Lot, including the failure to properly install or maintain landscaping. The pursuit of hobbies or other activities, which might tend to cause

disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken on any part of the Properties. No Lot or Structure on a Lot within the Properties shall be used, in whole or in part, for the storage of any property or thing that will in the sole opinion of the Developer or the Association, cause such Lot or Structure to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance, thing, or material be kept that will emit foul or obnoxious odors or that will cause any noise or other condition that will or might disturb the peace, quiet, safety, comfort, or serenity of the occupants of Community or the surrounding property. As set out in the Declaration, all Lot Owners are responsible for the maintenance of landscaping and the removal of debris from their Lot. In addition, whether addressed in the Declaration or not, all Lot Owners shall be responsible for the maintenance of landscaping in and for the removal of debris from within the road right-of way abutting their lot.

All exterior porches, patios and other Structures of this type as well as other locations on the lot that can be viewed from another Lot or the street are to be kept free and clear of unnecessary debris and clutter. Only outdoor furniture of a type and in a quantity appropriate for use on a Structure of this type shall be used on a permanent basis on these Structures or on the Lot. The authority to determine what type and quantity of furniture is appropriate and what constitutes excessive debris or clutter shall be that of the Developer and of the Association, When Empowered. No appliances shall, at any time, be stored on an exterior porch, patio or other like structure.

#### GARAGE DOORS:

The practice of leaving garage doors open to view from the street shall not constitute a nuisance to other Lot owners in the Community. The determination of what constitutes a nuisance shall solely be that of the Developer or the Association.

#### GARBAGE AND REFUSE DISPOSAL, GARBAGE CONTAINERS:

No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers designed for that purpose and which are approved by the Developer or the Association, When Empowered, and screened from public view in a manner acceptable to the Developer or the Association, When Empowered. All equipment for the storage or disposal of such waste material shall be kept in a clean and sanitary condition. No burning of any trash (except as approved by the Developer or the Association, When empowered) and no unreasonable or unsightly accumulation or storage of litter, new or used building materials, or trash of any other kind shall be permitted on any Lot, street or upon any Common Area and all of these areas shall be kept clean at all times. If such litter or other materials is found on any Lot, the same will be removed by the Owner of such Lot, at the Owner's expense, upon written request of the Developer or the Association, When Empowered. Should the Owner fail to remove the refuse within the period set out in the written notice, the Developer or the Association, When Empowered, shall have the right to see that the refuse is removed by an appropriate party and to have the Association assess the Owner of that Lot for all of the costs associated with that removal, together with any collection costs, which shall become a part of the Association's continuing lien on the lot.

The size, type and storage location of all garbage containers shall be approved by the Developer or the Association, When Empowered. Except on the day of pickup by the garbage

collector, all containers shall be located in a garage or in rear yards or side yards, screened or walled from front streets and adjoining properties in a manner approved by the Developer or the Association, When Empowered. Containers shall not remain on the street past 9:00 AM on the morning following pickup.

There shall be no dumping of grass clippings, leaves or other debris; rubbish, trash or garbage; petroleum products, fertilizers, or other potentially hazardous or toxic substances in any drainage ditch, storm or other drainage system pipes, catch basins, yard drains, stream, pond, lake or on any Lot, street or Common Area within the Properties, except that fertilizers may be applied to landscaping on Lots and in Common Areas, provided care is taken to minimize run-off. For a limited period of time acceptable to the Developer or the Association, When Empowered, and subject to additional conditions set by the Association or by a governmental entity or municipality responsible for its removal, where removal of such material is regularly provided by that entity or a provider contracted by that governmental entity for its removal, trash and debris acceptable to the Developer or the Association, When Empowered may be placed on the roadside for normal pick up. Upon notice from the Developer or the Association, When Empowered, that the type, quantity, location, condition of the trash or debris is unacceptable or that the time frame that the trash or Debris has or will remain in view is unacceptable, an owner shall remove such trash and debris from view of the street and other Lot Owners or from the Lot if directed to do so by the Developer or the Association, When Empowered.

Each Owner or Builder shall maintain its Lot in a neat and orderly condition throughout initial construction of a residential dwelling and not allow trash and debris from its activities to be carried by the wind or otherwise scattered within the Properties. Each Owner shall keep roadways, easements, swales, and other portions of the Properties clear of silt, construction materials and trash from its activities at all times. Trash and debris during initial construction of a residential dwelling shall be contained in a standard size dumpster or other appropriate receptacles and removed regularly from Lot and shall not be burned (except in a manner approved by the Developer or the Association, When Empowered), buried or covered on the Lot. Any Lot on which construction is in progress may be policed prior to each weekend, and during the weekend, all materials shall be neatly stacked or placed and any trash or waste materials shall be removed.

#### **COMBUSTIBLE LIQUID:**

There shall be no storage of gasoline, propane, heating or other fuels, except for a reasonable amount of fuel that may be stored in containers appropriate for such purpose on each Lot for emergency operation of household heating and cooking appliances, for gas fireplaces and for the operation of lawn mowers and similar tools or equipment. Larger quantities (over 5 U.S. Gallons) must be approved by the Developer or the Association, When Empowered.

#### **OUTDOOR LIGHTING:**

Property owners must ensure that architectural, landscape and similar lighting is, to the greatest practical extent, confined to the surfaces and objects it intends to highlight. Use light only when it is needed.

Residential pole mounted light fixtures shall be dark sky compliant and light shall not emit above

the fixture, 90-degree cut-off. Poles height for residential lots is restricted to a maximum of ten feet above grade.

Low level landscape lighting is the preferred lighting system, 12v Low voltage fixtures are safe and effective for most applications. Solar fixtures may also be used provided they are warm white in color 3000K or less.

All outdoor lighting should be designed, installed, and aimed such that it only illuminates its intended target. Outdoor lighting shall avoid creating conditions of light trespass on to adjacent lots. If questionable, the ARC may request the owner provide a photometric lighting point-by-point analysis.

All night dusk until dawn “security” lighting is not permitted on individual lots. Outdoor lighting can enhance nighttime security using active controls such as timers and motion-sensing switches. Motion sensors should be adjusted according to manufacturers’ specifications in terms of both trigger sensitivity and trigger duration, sensitivity should be set such that triggering occurs only upon sensing large objects such as animals and people.

The daily use of blue light or rapidly color changing light is prohibited. Festive color changing lights may be used during United State holidays or special occasions such as birthdays, anniversaries, or other special occasions and can be set to change color more often, but for a short duration as during a party or event. Festive outdoor event lighting is not permitted after 11:00 PM.

Light emitted from fixtures should be a “warm White” color. For general applications, the correlated color temperature of light fixtures should not exceed 3,000 kelvins.

It may not be possible to determine the CCT of a lamp or fixture by visual inspection, so consult manufacturer data sheets or product packaging for the specification of a particular lighting product. Lighting on lots is considered part of the landscape plan and fixture specification data sheets should be submitted for ARC review and approval before installation. Installation of low level, low voltage landscape lighting such as house accent, step lights or path lighting are allowable.

Property owners are required to properly maintain poles, fixture and control equipment in aesthetic condition and working order.

Special lighting applications in some cases, HOAs own and operate certain facilities, such as parking lots, docks, boat ramp and playing athletic fields, for the benefit of the entire community. Many of the same principles above apply, but there are certain additional considerations for these special circumstances.

The owners of the pet shall be responsible for all of the pet's actions. If, in the sole opinion of the Board, any animal becomes destructive to wildlife, dangerous or an annoyance or nuisance to the Owners of Lots within the Properties or of a nearby property, such animal shall be removed from the Properties upon notice from the Developer or the Association, When Empowered.

No pet shall be allowed by its owner to roam free (without being contained within a fenced area on the lot or, when not within a fenced area, confined by a leash) or to deposit its feces on the lot of another owner or on a common area. Those pets which are permitted to roam free, or,

## COMMON AREAS

### COMMON AREA USE AND MODIFICATION:

All parcels considered to be Common Area are either owned by the Association or the Developer and, as such, are not and will not be owned by the membership of the Association in general or by any individual Member or group of Members. Consistent with its ownership, the use of any portion of Common Area is controlled by either the Developer or by the Board of Directors of the Association. Therefore, no Common Area or any Improvement thereon may be used or altered in any way, without the express written authorization of the Developer or the Board of Directors of the Association.

The unauthorized use, alteration, modification or amendment of Common Area or any portion thereof by any Member of the Association or by their guests, family members, permittees, invitees or pets is strictly prohibited. However, the Developer and the Association reserves the right, in its sole discretion, to grant specific easements for the use of Common Area or to allow for specific or general uses or limitation of use of portions of Common Area. The creation of a specific or general easement for the use of a Common Area, the authorization for all or a specific portion of the Common Area to be used in a specific manner or the limitation of use of a portion of the Common Area shall in no way affect the use of additional portions of the Common Area nor shall it obligate the Developer or the Board of Director to make similar allowances for or create similar limitations to or easements on any other Common Area or a portion thereof.

The unauthorized use or modification of a Common Area by an Owner, their guest, family members, permittees, invitees or pet(s) shall be deemed a violation of the Regulations and as such, is a violation of the Declaration. As with other violations of the Declaration, an Owner shall be responsible for the actions or for the failure to act of their guests, family members, permittees, invitees or pets. Upon written notice from the Developer or the Association, an Owner shall immediately cease any unauthorized use or modification of a Common Area, shall cause its guest, family members, permittees, invitees or pet(s) to cease any unauthorized use or modification of a Common Area and shall bring any portion of the Common Area so modified or improperly used by that Owner, their family members, permittees, invitees or pets to a condition: a) that is comparable to its condition prior to such use or modification, b) that is satisfactory to the Developer or the Association, where the resulting condition is less than or different from the original condition of that Common Area prior to its use or modification and/or c) that is compliant with the provisions of any statute or requirement issued by any governmental authority having jurisdiction over such matters.

The Developer or the Association shall at all times have at their disposal: a) all legal remedies under the Law and b) all remedies set out in the Declaration to cause the non-compliant

Owner, its guests, family members, invitees or pets to cease any activity that is unauthorized or that, at the sole determination of the Developer or the Board of Directors, falls outside of the limitations set out for the use or modification of a specific Common Area. These remedies shall also be available to cause a non-compliant Owner to bring that improperly used or modified Common Area back to a condition that, in the sole opinion of the Developer or the Board of Directors of the Association complies with the paragraph above. Any cost incurred by the Developer or the Association to remedy a violation of this Regulation or to restore any portion of the Common Area to a condition compliant with the above standards, including collection cost and attorney fees, shall immediately become the cost of the lot Owner or Owners responsible for the violation and a part of the Association's lien on their lot(s).
